

Privacy Filters

Protect on-screen data from prying eyes

PALAS

ISO 9001:2000 Certified

3M Privacy Filters

Features :

Will not blur or distort on-screen images

Reduces screen glare

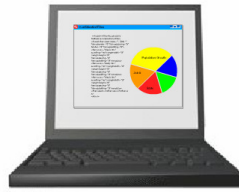

Guards against scratches and abrasions to protect your monitor investment

Fits any monitor-CRT or LCD

Easy to attach and remove; filter can be left in place even when your notebook computer is closed.

Simply slide in to install and slide out to remove.

Lifetime warranty – your assurance of quality

Now you see it,

Now you don't

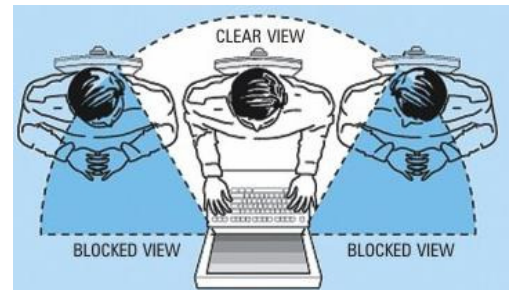

What it does.

3M Privacy Filters allow only those directly in front to view the data on the screen. People looking from the side see only a dark, gray screen.

How does it work ?

Patented Advanced Microlover Technology works like tiny venetian blinds, blocks out ambient light and narrows the view angle. This thin plastic light control film contains closely spaced black microlouvers, with a polycarbonate cover material.

Who can use it ?

Professionals on the move can use laptops in public places, airplanes and meetings without other people seeing their on-screen data.

Also ideal for Banks, ATMs, Help-desks
Call-centres
Hospitals, Hotel front-desks
Offices - HR, accounts, design, new products, marketing
Preventing identity theft
Any place where information secrecy is critical.

What sizes are available ?
